Rapid Response Third Generation (R23G)

R23G Concept

- Build on Prior R2 Contract Requirements
- Faster Task Order Awards
- Ease of Use – Less Arduous Paperwork
- Flexibility
- Extensive List of Priced Teammates
- Vehicle With Total Life Cycle Solutions
- Performance Based Orders with Metrics

The R23G Program

R23G *IS:*

- A program to meet the mission requirements of the entire Federal Government
- A program that will expand on contracting "Best Practices"

R23G *IS NOT:*

- A production effort
- A hardware effort (However, hardware can be purchased only if incidental to the services being acquired.)

R23G Acquisition Strategy

- Multiple award ID/IQ performance based service contracts, up to 10 total awards contemplated
- Firm fixed price, time and materials, and cost plus fixed fee (R&D only) line items
- Total estimated program value/ceiling of $41B
- Ordering period - 5-year base and one 2-year option

R23G Acquisition Strategy (cont)

- Best value formal source selection
- Minimum order for each contract
- Full and open competition with reserved prime contract awards for small business
- X% prime dollar guarantee for small business primes
